

LEONARD

Well. Aw, man. Please don't say anything to Kevin and Allie- it's just, she's been talkin' a little about us, you know, hangin' on to the baby. Keepin' it.

CHARLOTTE

Oh no.

LEONARD

I don't think she's serious, she says crazy stuff all the time, but... well, I'd feel better if we could find her.

~~As everyone is facing away, LIZZIE enters from an elevator and exits to the hall.~~

~~IVAN~~

~~I can find this woman. In Bulgaria when anyone escaped from our village, we would track them in wilderness.~~

~~DR. TIM~~

~~I'm guessing the tourist industry in your town was just a constant struggle.~~

CHARLOTTE

Okay, let's get organized. Doctor Tim, why don't you and Jerry go check in the cafeteria? Deb, go to the car, my bag of crystals is in the glove compartment. Bring me chalcophyrite and amazonite. They're good for finding lost objects.

~~(DR. TIM, DEB FROM UPSTAIRS and JERRY go to the elevator.)~~

Leonard, the most important thing is that we don't panic Kevin and Allie. This will all be resolved in no time- they do not need to know about this.

LEONARD

Um, maybe? Yeah? Sure.

CHARLOTTE

Wait. We don't know what she looks like.

LEONARD

Oh, she's got red hair, and she's like, super pregnant.

CHARLOTTE

We just need to harness and direct our psychic energies, and the pendulum will tell us what we need to know. I do this whenever I lose my keys, and within like forty-five minutes, I always find them. *Is Lizzie in the building?* See, it's moving, so that means yes.

LEONARD

Wow.

CHARLOTTE

I know, the universe is amazing, right? *Show me the direction where we can find Lizzie.* Okay, looks like we're going this way. Come on, Leonard.
